

1/2 inch
metal pipe ~6"
T fitting should
be over middle
of board

1/2 inch
"T" fitting

1/2 inch
elbow

~26"
to top of
elbow

AT THE FIRST CLASS:
with JJ's direction, we'll add
1/4 inch aluminum armature wire

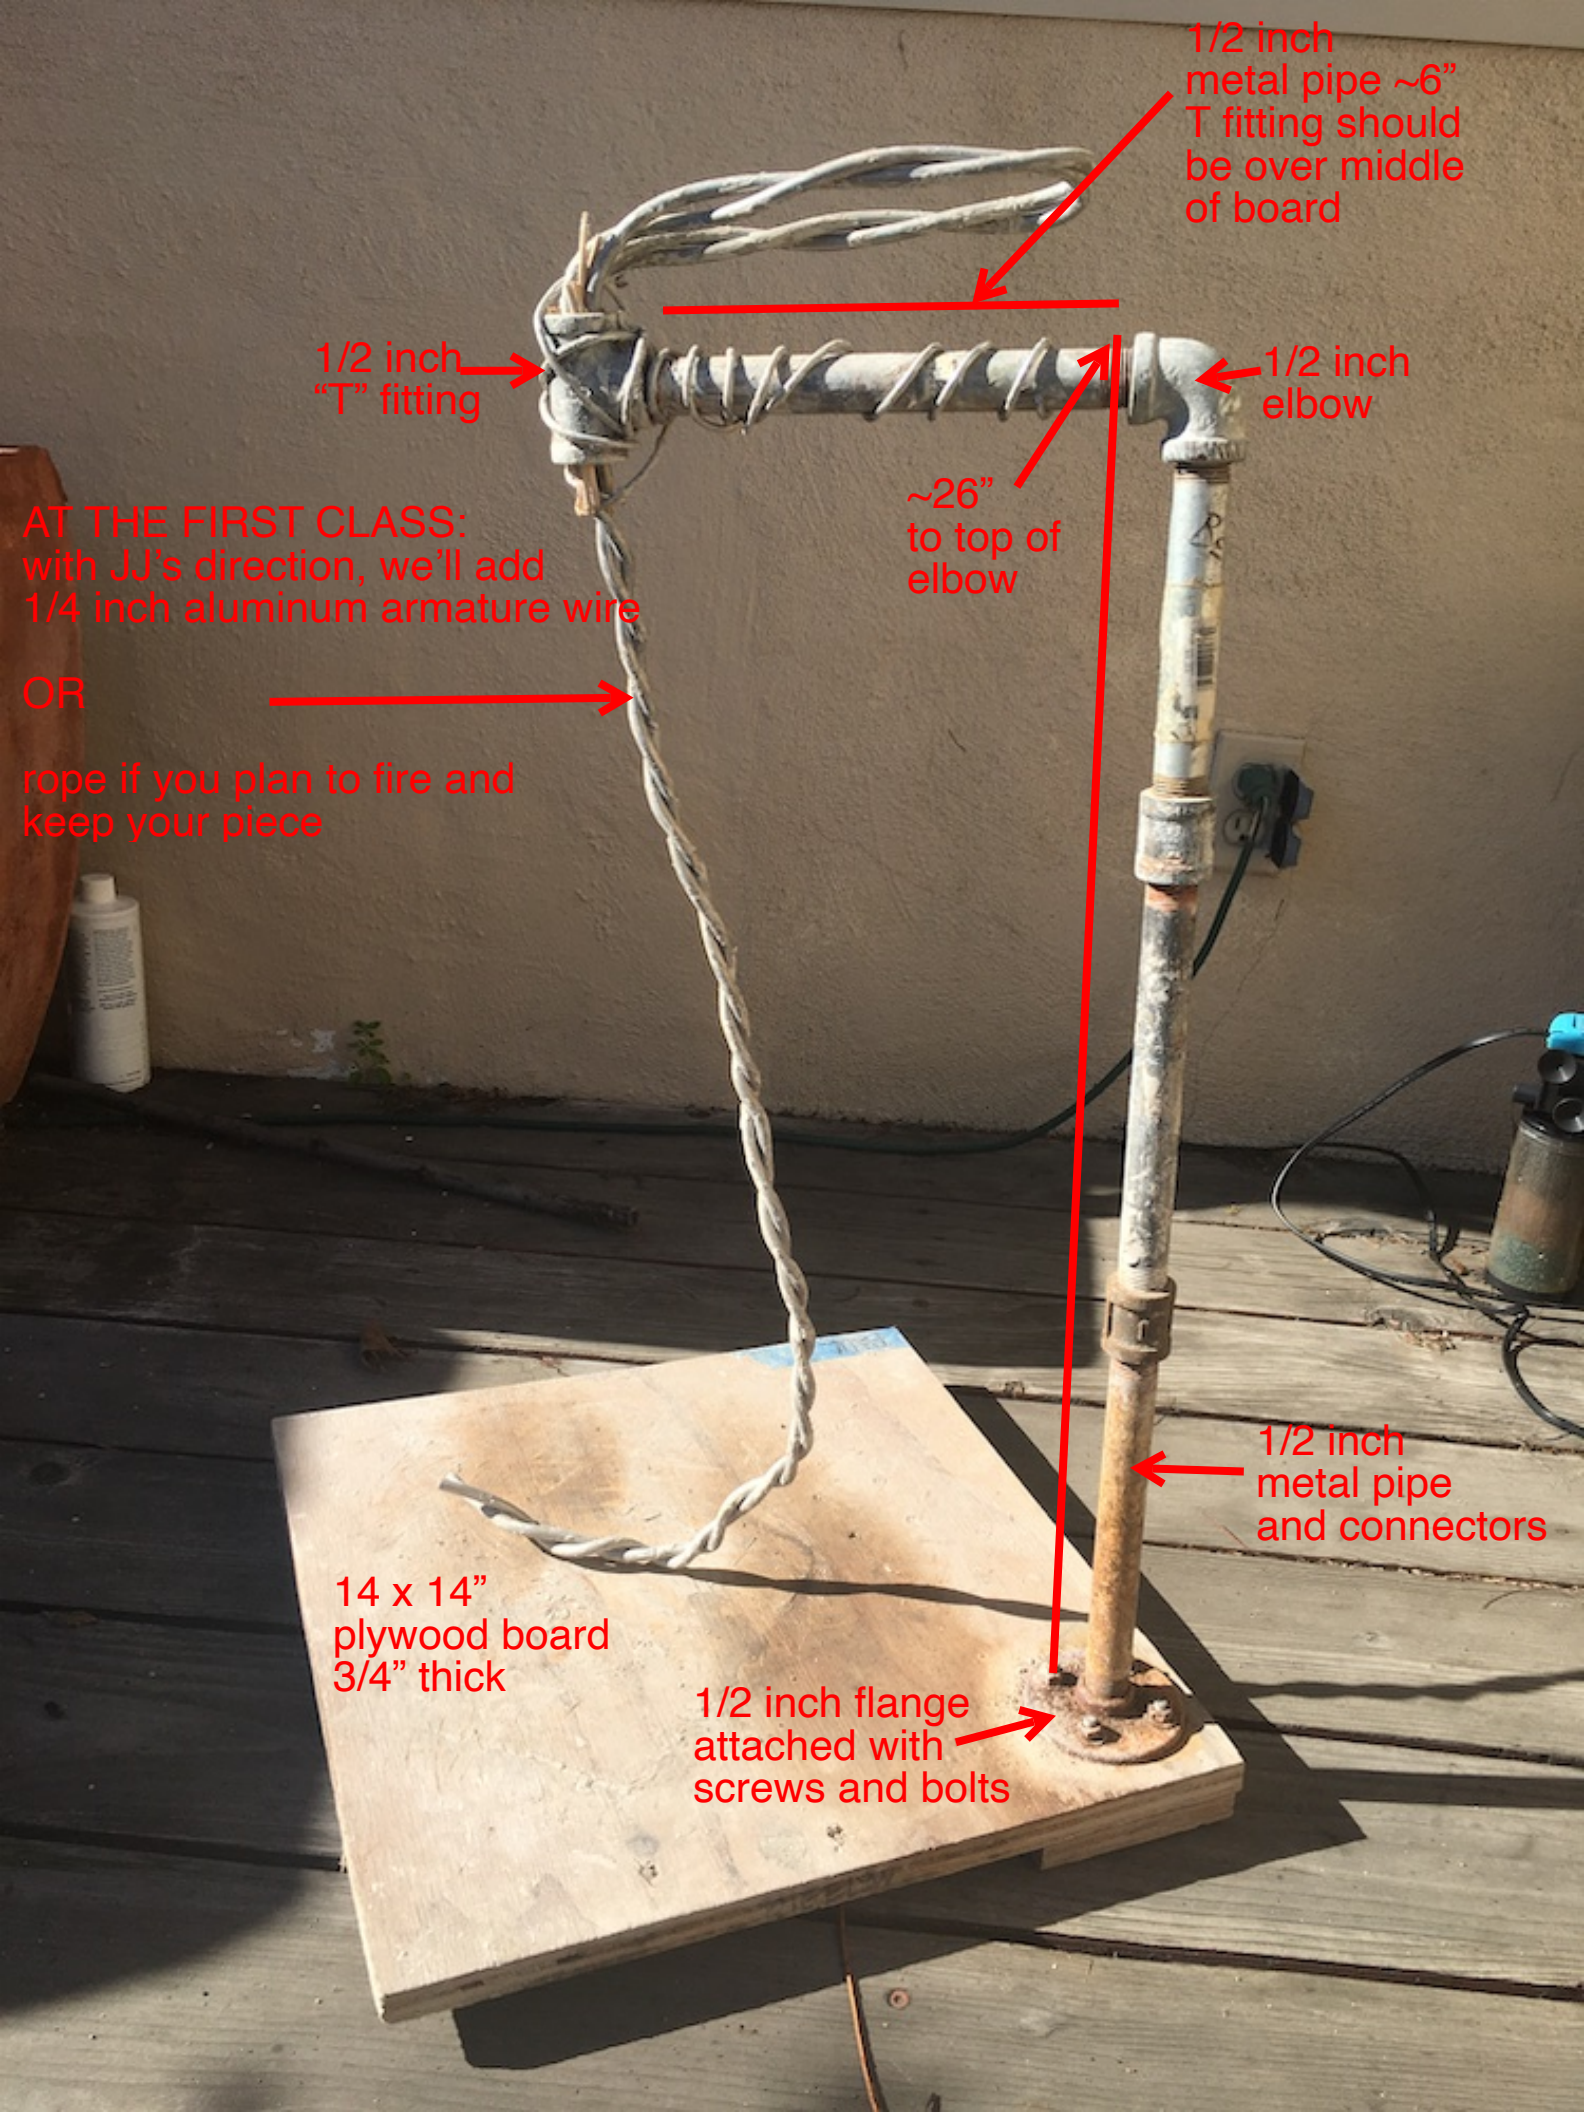

OR

rope if you plan to fire and
keep your piece

1/2 inch
metal pipe
and connectors

14 x 14"
plywood board
3/4" thick

1/2 inch flange
attached with
screws and bolts

Add two plywood strips to the bottom
so it's easy to lift and move your piece
